

Centurion House

St George's Hill, Weybridge

The construction of a new build home set on a 1 acre plot in the prestigious St George's Hill Estate. O&D were appointed directly by the client who was building the home for himself and his family to live in.

The construction process involved traditional concrete foundations, an in situ concrete basement, solid concrete floors, traditional brick and block construction, handmade facing bricks with stone features and tiled roof coverings.

The house spans over 12,000 sq. ft. and along with 6 en suite bedrooms includes an indoor swimming pool, spa, gym and steam room. There is also a separate triple garage and large basement housing a plant room and large wine cellar.

Centurion House incorporates the highest quality materials, including bespoke joinery windows and doors, marble floors and bathrooms and a steel and marble feature staircase.

Further features of this property include a full alarm and CCTV system, a Crestron audio visual system and a complete KNX home automation system controlling the lighting, heating and air conditioning.

Centurion House has been constructed to an exceptional standard of specification and build quality; a stunning new home.
