

## Music Block

### Esher College

Construction of a new bespoke music block for Esher College.

The contemporary design features large aluminium windows, an aluminium roof, exposed glulam beams and angular rooms to enhance acoustics. Incorporated inside are classrooms, practice rooms, a staff room, toilets and a state-of-the-art recording studio. In addition, we created a large external courtyard.

Now the students of Esher College have a purpose built musical block, they have the ideal opportunity to compose a work of equal legacy.
