

Knightswood House

St George's Hill, Weybridge

The new build of a sizeable high specification detached family home within the private St George's Hill Estate. This 3 storey 14,000 sq. ft. home is set in 2 acres of landscaped gardens and was specifically built for a private client.

The build involved traditional concrete foundations, a full concrete basement, traditional brick and block construction with handmade facing bricks, real limestone features and slate roof coverings.

Knightswood House incorporates 5 en suite bedrooms, an indoor swimming pool with spa, sauna, steam room and gym. In addition the basement comprises a cinema, games room, bar, wine cellar, laundry room, plant room and 4 port garage.

Amenities of the house include a Control 4 audio visual system, full CCTV security and alarm systems, a KNX home automation system controlling lighting, heating and air conditioning. Also included is a marble elliptical staircase and Mark Wilkinson kitchen.

Knightswood House is a state of the art residence built to cater for the needs of the most discerning occupier.
